Re: **Management Plan for the Kennebec Highlands**

**Notice of Working Meeting on Trails
Management Plan for the Kennebec Highlands
Tuesday, July 10, 2007 • 6:30 – 8:30 PM
Mount Vernon Community Center
Mount Vernon, Maine**

There will be a Working Meeting on trails in the Kennebec Highlands on Tuesday, July 10, 2007 from 6:30 to 8:30 PM at the Mount Vernon Community Center in Mount Vernon.

The purpose of the meeting is to map routes that are or have recently been used for hiking, biking, horseback riding, skiing, nature education, ATV riding, and snowmobiling. Please bring any maps and other information you have that will help us plot accurate locations. We will place a topographic map of the Highlands on our website that may be useful for this effort. The map highlights most woods roads (in black) without any attempt to indicate their service level or condition. Go to <http://www.maine.gov/doc/parks/>.

This notice is also being sent to people who attended the Scoping Meeting on May 17, the Advisory Committee Meeting on June 28 and to municipal officials. We encourage you to share this notice with others who may have knowledge of the Highlands trails.
